Charles,

Thank you for reaching out to me this morning to discuss the opinion I requested. As discussed, Ross Kinchen, a member of the Town of Albany's Planning and Zoning Board, will report to our town attorney, Sherman Mack, and myself regarding surveying work he would perform regarding an annexation of properties located along Highway 43. Our current zoning ordinance provides that all properties located on Highway 43 are zoned commercial. Mr. Kinchen, as a surveyor in this capacity,

would not report to the Planning and Zoning Board.

In lieu of our conversation, please remove me from the agenda for June 4, 2021.

Thank you again, for your assistance in this matter.
